

Product Description

Minimal design Magnetic knife holder, the perfect fit for smaller and well-organized kitchens.

Practical and space-saving alternative to the traditional knife block. Easy and secure screw fixation. Holding up to 4 knives or other metal objects such as keys, screwdrivers or tools in your workshop. Made from eco-friendly bamboo, won't dull or chip your knives, don't absorb odors and is easy-to-clean.

Attributes

Material:	Bamboo & Walnut, Magnets
Features:	<ul style="list-style-type: none">- Made from Bamboo wood- Strong magnets (neodymium)- Secure fixation metal inserts for screw hold- Holds up to 4 knives or other objects
Size:	32cm x 4cm x 2cm

Instructions

1. Mark wall with a pencil where designated screws will go.
2. Drill a hole in each location you marked and insert the screw anchors.
(For surfaces that can not be drilled, many people have succeeded in using velcro stripes to fix the knife holder to the wall.)
3. Drew the screw almost all the way in. Leaving a bit more than the head exposed.
4. Mount the knife holder on the two screws and pull it down to lock in position.

Important! Do not fix the mount holder in any place where the knives can be reached by kids or pets! Do not mount it in a place where they can fall down and hurt someone. Installation of the knife holder is done on your own risk and Zenko does not take any liability for harm or damage caused by using this product.
